Endo/Resto: Simplifying a Procedural Juggernaut to Achieve Single Visit Profitability

COURSE DESCRIPTION

This course is designed to walk dentists and assistants through an entire endodontic appointment from phone call to final result. The course focuses on the ultimate goal of the single visit Endo/Resto appointment: preservation and extension of the tooth life cycle. Dentists and assistants will not only come away with understanding how to efficiently fill the root, but how to immediately preserve long term success of the tooth via current restorative trends and techniques. The goal of this course is simple: reinforce the value of combining Endo/Resto into a single visit appointment thereby preserving teeth, providing exceptional service to the patient, and improving practice profitability.

COURSE OBJECTIVES

- Diagnose and treatment plan Endo/Resto procedures
- Discuss minimally invasive techniques for endodontic therapy including access and dentin preservation
- Review current trends in instrumentation and irrigation
- Discuss tips and tricks for reliable, profound anesthesia
- Understand the concepts surrounding when and where to use posts
- Learn the value of single visit Endo/Resto procedures for both patient and profits
- Explain why single visit Endo/Resto is preferred and when it is not an option

Dr. Timothy M. Bizga

Timothy M. Bizga, DDS is a general dentist practicing in Cleveland, Ohio. His practice focuses on comprehensive care, with Dr. Bizga's special interests in implants, cosmetics and facial esthetics. His background in dentistry is lengthy and diverse. Once a former chairside assistant, he also worked as a dental lab-technician, making his perspective unique among others in the field of dentistry.
